In this section, each sentence is underlined in three separate parts which are labelled as (A), (B), and (C). Read each sentence to find out whether there is an error in any underlined part. When you find an error in any one of the underlined parts (A), (B) or (C) indicate your response on the answer sheet at the appropriate space. You may feel that there is no error in a sentence. In that case, letter (D) will signify a 'No error' response.

Examples : 'P' and 'Q' have been solved for you.

P. Delhi is definitely one of the most large cities in the world No error
A B C D

Q. When you have written your essay, read it over carefully
A B

Passage

Books are, by far, the most lasting product of human effort. Temples - crumble into ruin, pictures and statues decay, but books survive. Time does not destroy the great thoughts which are as fresh today as when they first passed through their author's mind. These thoughts speak to us through the printed page. The only effect of time has been to throw out of currency the bad products. Nothing in literature which is not good can live for long. Good books have always helped man in various spheres of life. No wonder that the world keeps its books with great care.

28. According to the author, time does not destroy books because they contain

- (A) useful material and high ideals
(B) subject-matter for education
(C) great ideas which are always fresh
(D) and speak to us through the printed page.

29. The world keeps its books with care because

- (A) they educate us
- (B) they bring great ideas to us
- (C) they make us successful
- (D) they help us in various spheres of life.
